July 3 – Chris Sharp - bio to follow

Aquaponics is the [symbiotic](#) cultivation of plants and aquatic animals in a recirculating environment.

July 10 – Wes Nahanee

Wes is First Nations of the Squamish Nation. His ancestral name means that he's the "policeman" of cultural protocol for his people. He takes his role very seriously and is very well versed in such matters. He is a singer, drummer and story teller as well. He has literally traveled the world singing, drumming and representing his culture. He is a man who lives his culture within our world. Be prepared to be moved.
